

## Premium Heat & Oil Protective Glove

HN50

|                  |                        |
|------------------|------------------------|
| Article No.      | HN50                   |
| Coating Material | Neoprene               |
| Coating Color    | Black                  |
| Liner            | Double Lined Jersey    |
| Liner Color      | White                  |
| Finishing        | Crinkle                |
| Cuff Style       | Gauntlet               |
| Gauge            | N/A                    |
| Size             | 8,10                   |
| Style in Length  | 18" (available in 26") |

### PERFORMANCE

- Neoprene coating providing superb heat resistance up to 350 D (Degrees C.)
- Excellent resistance to oils(in particular to **hot oil**), chemicals and greases
- Crinkled finish offering excellent grip in both dry and wet working conditions
- Double lined jersey contributing great warmth working under -20 D (Degrees C.)
- Unique coating formulation contributing extra flexibility and reducing hand fatigue

### APPLICATION

- Barbecue
- Baking and roasting
- Iron and Steel manufacturing
- Circuit board manufacturing
- Objects handling in hot/cold of environments contact with chemicals and oils
